

**PANEL 1.** The HOST of the gameshow “Knowledge 4 Powerz!!” holds up a microphone, preparing to ask a question with mock seriousness. Host is an attractive, energetic man in his mid-40s and a flashy suit. Behind him is a glitzy sign giving the name of the game.

1. HOST:  
For pyrokinesis, your question is...

**PANEL 2.** Host excitedly asks the question, facing and pointing at GABE with a smile on his face. Gabe is a nerdy man in his early 20s, wearing large glasses, a simple polo shirt, khaki pants and short cropped hair. He is currently floating in midair, holding on to a plastic podium with his name on it as he excitedly answers the question.

2. HOST (BURSTING):  
Henry V of England won what famous battle on the day of St. Crispin?
3. GABE (BURSTING):  
The battle of Agincourt!
4. HOST (BURSTING):  
That is absolutely correct!

**PANEL 3.** Gabe holds up one hand and projects a burst of flame from it, testing his new pyrokinetic powers with a bemused expression. Host grins conspiratorially at Gabe as he gestures to something off panel.

5. SFX (CONTESTANT’S HAND):  
Fwoosh
6. HOST:  
Okay Gabe, you now have the powers of pyrokinesis, super-strength, flight, teleportation, and the ability to talk to and control all marsupials!
7. HOST:  
You can keep these powers, or trade them all for tonight’s grand prize...

**PANEL 4.** A large screen with “Power Board” on the top displays a heart overlaid with the symbol for infinity. Next to the screen, an attractive “Vanna White” type woman in a sequined gown gestures to the board and smiles.

8. HOST (OFF PANEL, BURSTING): ...immortality!

**PANEL 5.** Contestant shouts with glee as he makes his selection. Host has one arm around Contestant he celebrates Contestant's choice.

9. GABE (BURSTING):

I'll take immortality!

10. HOST (BURSTING):

Congratulations! You now have the power of eternal life! \*

**PANEL 6.** Gabe, wasted away to a dessicated corpse, lies in a futuristic hospital bed, with tubes running in and out of it connected to various machines. He still wears the same glasses on his head from before. He is in a state of living death, wasting away but kept alive by his immortality.

11. CAPTION:
